

EXTERNAL BATTERY PACK (EBP)

External Battery Pack with 1 string of 9 ea 12V10.5AH Batteries

Part # FA00265

Model # EBP-RM-108v-1s-9LBFb-2U23

FEATURES AND BENEFITS

Rugged & Extreme Environments

All IntelliPower systems utilize circuit boards, chassis and components that are **specifically designed for extreme environments**. In today's marketplace, repackaged commercial products are often billed as "rugged" and/or "built for harsh environments". Each component in our systems is specifically selected or designed based upon proven performance in harsh indoor and outdoor applications.

Cutting Edge Technology

Our digital double conversion on-line UPS, power conditioner and frequency/voltage converter solutions utilize high-efficiency power switching and galvanic isolation which provides **ideal electrical output performance**. Systems are available with global voltage inputs & outputs, AC inputs & outputs, and DC inputs & outputs. You will be able to utilize any power source.

IntelliPower offers power management software along with many standard communications protocols such as SNMP with OID and MIB Support, RS-232, Ethernet/IP – Common Industrial Protocol (CIP), MODBUS and Dry/Discrete Contacts. The sum total of these technological features equals the ultimate protection for your electronic equipment.

Robust Product Portfolio

No other UPS company offers **2,000+ variations**. Utilizing IntelliPower's building block methodology, more product features and functionality are provided; without having to extend lead times or change proven designs. Over the past 25 years, IntelliPower has developed its electronics hardware, firmware, embedded software and enclosure technology in house, which provides us with a unique capability to meet virtually any of your application requirements to include completely sealed systems.

Designed and Manufactured in the USA

The engineering and technological expertise within IntelliPower has enabled us to develop and field test products since 1988 to **100% user satisfaction**. For you, this translates into shorter lead times from design to shipping as well as personalized service and support. Our mission is to provide you with the highest standard of customer support and quality control.

ISO 9001: 2008 Certified

IntelliPower is committed to customer satisfaction by delivering power system solutions and services that meet or exceed customer requirements through design innovation and continuous improvement.

External Battery Pack (EBP)	
IP Part #:	FA00265
IP Model #:	EBP-RM-108v-1s-9LBFB-2U23
Unit Description:	External Battery Pack with 1 string of 9 ea 12V10.5AH Batteries
SPECIFICATIONS	
Connector(s) UPS/Charger (type, location, pin outs):	Locking Anderson connector and a 24" cord with a locking Anderson connectors on both ends
Enclosure Type & Size (type/rack unit, dimensions):	Rack Mountable 2U, 3.5"h x 17"w x 23"d
Enclosure Material & Finish (aluminum/steel, finish):	Aluminum
Enclosure – Special (IP65/Zone 1):	N/A
Battery Type (rating, PbAcid/Pure PbAcid/Lithium Iron):	12V10.5AH Lead Acid
Battery Total Quantity:	9
Battery String Voltage:	108 VDC
Battery String (number of strings, quantity per string)	1, 9
Battery Minimum Run Time (approx. run time at #watts):	32 minutes at 1000 W 12 minutes at 2000 W
Battery Mounting (hot swap/fixe d):	Fixed
Temperature (operating, storage):	Operating: -15C to +50C
Weight Limit with Batteries:	N/A
EMI Filter:	N/A
Other:	
ACCESSORIES	
Cables & Adapters (type, length/etc):	N/A
Chassis (ear brackets, slide rail kit/etc):	N/A
Handles:	Two handles, both on front and back
Labels:	N/A
Other:	

ISO 9001: 2008 Certified
